*For current clients only. Previous appointment must be within the last 14 days and have 40% lashes intact.

**For clients who have gone over the 14 days and may need more than a touch up. Clients with lashes done elsewhere are welcomed for this service but are advised ahead of time that the technician must ensure their lashes are to standard. If their current set is not to standard, they may need a removal and book for a full set. A complimentary consultation is recommended. Please call to arrange.
