## NAIL BAR (1/2)

We offer two ways to relax with our Hand and Foot treatments:

**Luxurious soaking treatment** of either an all-natural dead sea salt soak or coconut milk bath to hydrate the skin and calm the mind.

**Blissful waterless treatment** includes a relaxing massage with our Signature Botanical Spray and a warm towel wrap infused with essential oils to ease the mind, body and soul.

### DRIFT TIP

For Gel Polish Application on hands, **we only provide a dry manicure** to increase the longevity of your gel polish wear.

If you plan on receiving regular polish for your hands, keep in mind they may take **over 2hrs** to completely dry; so make this appointment the last thing you have planned for the day.

**Add-on's** must be requested at time of booking.

Please remember to bring your own **flip-flops** if you plan on receiving regular polish on your toes as polish may take up to 2hrs to completely dry. (Disposable flip flops may be purchased for an additional charge)

### Speedy Foot Treatment

Choice of soothing soak or blissful waterless treatment, nail trimming/shaping, cuticle care, choice of all-natural scrub, and hydrating cream application. Finish off with choice of non-toxic polish or natural buff.
